Here is a comment from Judge Mike McManus. It is also worth doing an autopsy on why his effort to utilize the e-mail link failed. cmk

The committee note to new official form 5 (the involuntary petition) references an ombudsman appointed pursuant section 332 to represent the interests of patients when the debtor is a health care business. I believe this reference should be to section 333. The ombudsman appointed pursuant to section 332 is the consumer privacy ombudsman.
